

# TRITON SUPPLEMENTS Trace Elements

## NICKEL (Ni)

### What is it? What is it for?

Nickel is a Trace element shown to be beneficial for SPS/LPS coral color and health.

### Skill Level

This product is classified as Advanced users only

### Important notes for usage

Nickel is an extremely dangerous element if dosed incorrectly into the aquarium.

Only to be used by Advanced users

### How do I use Nickel?

Extreme caution should be exercised when dosing Nickel.

The supplements should be dosed as per recommendations from your ICP-OES test results.

The test results will also guide you to the maximum safe dose per day for your system.

If Nickel exceeds the set point in ICP-OES analysis stop dosing immediately.

### Other additional information

Care should be taken not to carry out too many adjustments at the same time because of the risk of elements reacting with one another.

Dose into an area of high flow.

Leave 5 minutes between different element adjustments

Any large swings in element levels can be detrimental to your tank inhabitants.
